

TRAVEL TIPS

You need a Visa?

To enter some countries, in addition to the passport, you will need a visa. In general, visas are granted for tourism, business, work or school.

To know the entry requirements of a country and get a visa, check before you leave the embassy or consulate of each country of destination.

Required documents, transport times and costs vary from one country to another, depending on the purpose of the visit. For example, a tourist visit visa does not cost usually less than a work visa.

As you take steps to get all these documents, do not wait until the last minute or on the eve of your departure!
